

Dear Parents, Guardians, and Students,

In our transition to remote learning, Immaculate Conception Catholic Regional School, has been using the Google Classroom platform, where teachers will share daily/weekly assignments and other resources with students and parents. Checking Google Classroom regularly will keep you in touch with your child's teacher and classmates, as well as help you and your child stay current in schoolwork.

In an effort to stay in touch with students during this time of school closures, teachers will be utilizing online conferencing tools such as **Google Meet** and **Zoom**. Video conferencing allows teachers to talk face-to-face with individual students, small groups, or even an entire class at once! Please take a few minutes to familiarize yourself with Google Classroom, Google Meet, and Zoom conferencing tools.

Included below are a few links explaining how the different platforms work:

Google Classroom: The following video is step-by-step instructions:

Zoom Protecting the Privacy of K-12 Students

We are particularly committed to protecting the privacy of our K-12 users. We have a special policy that describes how Zoom handles personal data of K-12 students using Zoom through their schools, which are signing up for Zoom services for their students.
